in between on both errors
same smoothing form for both classes (P2-sym, 2 seeds): accused 5.9 / 6.1 %; miss on smoothed forgeries +14.6 / +17.5 pts, smaller than P1's +51.2; it does not remove the accusation under Effort's tuning scheme or for skin-only smoothing
FF++-only training, first seed. Accused: commercial Smoothing-90 renders at the 5 %-FPR threshold of their originals. Miss: change on Celeb-DF-v2 forgeries under strong whole-crop smoothing, same rule.
